

## **OFFICIAL ANNOUNCEMENT**

Please be advised that starting **December 1, 2021**, the Automobile Association Philippines (AAP) will be turning over the roadside assistance service along the Subic-Clark-Tarlac Expressway (SCTEX) to the in-house towing service provider of NLEX Corporation.

AAP Emergency Roadside Service (ERS) is coordinating with Southbend Express Services, Inc. to ensure that AAP members can continuously enjoy their free ERS assistance along SCTEX. AAP is working hard to guarantee the seamless transition of operations.

Meanwhile, AAP members and the general motoring public can still drive worry-free as AAP remains the exclusive ERS provider along the North Luzon Expressway (NLEX), Ninoy Aquino International Airport Expressway (NAIAx), Skyway, South Luzon Expressway (SLEX), Southern Tagalog Arterial Road Expressway (STAR) and Metro Manila Skyway Stage 3 (MMSS-3).

We will continue to provide other necessary updates on this matter.

Thank you.

A handwritten signature in black ink, appearing to read 'A. Ferreria', is written over the printed name.

**AUGUSTUS D. FERRERIA**  
President
